### DESTRUCTION

On French Battlefields Described in Official Canadian Records

### COUNTRY IS DEVASTATED

Fields and Forests Laid to Waste By Artillery Fire and Troop Movements—Only Charred Timbers Or Piles of Stone and Plaster Mark Site of Numberless Towns and Cities

(ASSOCIATED PRESS TELEGRAM)

Ottawa, October 20.—The terrific destruction wrought on the battlefields of France is described in an official communication from the Canadian war records office which has been made public by Lieutenant General Sam Hughes, minister of militia. Incidentally the communication reiterates the claims of the British leaders in regard to the superiority of the allies in the air and in artillery. In the latter respect the Canadian officer says that the allies are firing five shells to the Germans one.

Describing the desolation caused by the great struggle, the communication says: "Never has the human agency controlled such engines of destruction, nor has war ever so profoundly impressed itself upon the face of nature. No plague could be more ruthless, no natural blight more devastating."

After describing the peaceful scenes in the rear of the battle line, the perfectly tilled fields, the farms cultivated to the last inch of their available space and after paying a tribute to the "brave, silent industry of the women, the old men and the children" of France, the communication continues:

"The transition from this scene of beauty, peace and ancient prosperity is infinitely distressing. Fields are given over to the trampling hoofs of the war horses and are disfigured by a variety of encampments, from orderly white tents to huts of rusted sheet iron and low discolored shacks of nondescript material. This area of active occupation gradually thins and abuts a region of more sinister appearance. Here trees have broken bodies, and the houses seem in pain for their roofs are rent, their windows gone, their walls scarred and pierced. But, the full view of the land of war is reached with the crossing of the bleak greasy slopes east of Albert with their chalky scars cut by the long lines of trenches.

"The view suddenly sweeps into the valley. Before Laboiselle there were the original German and British lines on July 1. This was the outer wall, the stoutly resisting shell of the defense through which the indomitable English had fought their way and so permitted those who followed, other English, Australian, South African and Canadians, to come and deal their blows.

"Of Laboiselle there is more upon the map than on the ground. A few shattered trunks here and there, a splintered beam, perhaps a corner stone or some pillars roofed with wreckage. Otherwise only the upheaval of tortured earth, mine craters, heaps of rotting white sand bags, half choked trenches and a dreary litter of old wire, cans and human rubbish remain.

"On the left is the twin city of desolation. Ovillers, and between the two a white road runs beyond and mounts to the level of Pozieres. Pozieres shares the fate of the outlying of a single house or beams which could be used in restoration. As a village Pozieres has disappeared.

"Just beyond Pozieres and still below the summit runs the line of trenches first occupied by the Canadians. These are in the midst of the ground which has most suffered. Here is the acme of destruction. No grain of surface remains undisturbed. There is no room for a fresh shell hole. Nowhere is the power of modern artillery or the thoroughness of preparation better exemplified. We have literally blasted our way forward. Ruins appear, not only in the devastated earth and the crushed houses, but also in the sadder waste sacred to the memory of our dead. Also, in the scarcely defined trenches of the enemy, the German corpses lay thickly.

"In regard to the situation in the air, the communication says:

"In this respect the British and French domination is almost absolute. Here all day long we watched our planes circling above our heads. Closely they come and go with the speed and alertness of birds; far off they seem to hang suspended in the sky. Occasionally a flight of five or more planes, intent upon some special mission, go over high up and disappear into the distant mist. So rarely do the German machines appear that some men who have been here daily for a month have not seen a single one."

### Ex-Governor Douglass Tells Dr. Geo. Dorsey Why He Favors Election of Woodrow Wilson

(By Dr. George A. Dorsey.)

Brookline, Mass., Oct. 20.—About 2,000,000 Americans today stand in Douglas' shoes, the rest of America know him as a self-made man who runs a Union shop, pays the highest average wages in the shoe trade in the whole world, has one hundred and one retail stores, 9000 agents, and was elected Governor of Massachusetts by the largest majority ever given a Democrat in that State. From the "bound-out" boy of seven who pegged shoes, to the World's Greatest Shoemaker, founder and President of the W. L. Douglas Shoe Company, Man of Affairs, Captain of Industry, Mayor, Senator, and Governor, is the life and career of W. L. Douglas.

In 1912, the National Democratic Committee asked Governor Douglas for a one hundred word estimate of Woodrow Wilson. He made this prophetic reply:

"I believe Woodrow Wilson will be elected President of the United States on November 5th, because he is a leader and a statesman; because he is opposed to special privileges to the favored few; because he advocates the removal of all unnecessary protective duties; because he advocates a reform in our present, inadequate banking systems which will prevent financial panics, give more stability to business and steadier employment to all. I believe that his election will bring about these reforms."

"And I was right," said Governor Douglas, in his office at Brookline. "He is a leader. Hasn't he proved it? How the Republicans scoffed at him four years ago. 'He can't lead his party; what can he accomplish if he is elected?'"

"Accomplish? What hasn't he accomplished? Has any President for fifty years accomplished more? Has any President put more constructive legislation on the statute books? If that doesn't spell 'united party,' I'd like to know what you call it? Led by Wilson the Democratic Party has been not only willing but eager to do what is right for the country. Yes, and most of the time the President has had the whole Progressive wing of the Republican party working for the kind of legislation the

G. O. P. promise! the country—and would not give it!

"Anything to beat Wilson? Beat the first real man of progress and of vision in the White House in half a century!"

"I search the Republican platform for definite promises—in vain. I scan Mr. Hughes' speeches for direct positive statements of policy—in vain. Abuse? Yes. Destructive criticism? Plenty of it. Remedial action, specific change, bill of particulars as to different conduct? I find none of it."

Many thousands of young men will vote this autumn for the first time. They will compare Republican promises with Republican achievements, they will compare the record of this Democratic administration with the promises of the Democratic platform of 1912. What will they find? On the one hand, broken promises and an ever-upward revision of the tariff; on the other hand, every promise fulfilled, and with good measure. I believe the young voters of America and the independent voters of America will vote for a solid substantial program of wise, efficient, forward-looking, far-seeing deeds.

"We know where Wilson stands; we know what he stands for. We have seen him under fire. We have watched him put diplomacy on the map—in European affairs, to the approval of all America and of ex-President Taft himself in Mexico, not only to the approval of Mr. Taft but of his vice president, Mr. Fairbanks. We have seen him handle a nation-wide strike—threat to the unbounded gratitude of the whole American press—till Mr. Hughes, waiting watchfully, watching, Hughes, suddenly discovered what he hoped might prove an 'issue!'"

"We can trust Wilson. Can the La Follette of the Republican party guarantee us that they can prevent the Old Guard from establishing a Central Bank with which they can—and would—juggle panics like a football? That interlocking directorates will not again come into fashion?"

"One thing is certain—the Old (Continued on Page 2, Col. 3.)

### BULGARS LOSE HEAVILY

Take 100 Prisoners and Guns and Push Forward to Third Line of Enemy Trenches—Greek Situation Remains Confused—Constantine Rebuffs British Minister

(ASSOCIATED PRESS TELEGRAM)

London, October 20.—Serbian troops on the western end of the Macedonian front are reported successfully continuing their victorious campaign for Monastir. Through Paris today comes official announcement of the capture of the village of Velyeselo, within the bend of the Varna river, south east of Monastir. The Bulgarians are said to have suffered heavy losses, including 100 men prisoners and three cannon and to have been put to rout. The Serbians pushed two miles northward to Velyeselo after taking Brod, capture of which was reported yesterday forcing their way over the heights between the two places. They are now facing the third and final line of Bulgarian defenses in this sector, according to unofficial reports, having pierced the second line in taking Brod and the Velyeselo positions.

The situation in Greece remains exceedingly confused. News dispatches from Athens long delayed in transmission and recording the development of the situation there only up to Wednesday night, report turbulent conditions in the Greek capital. Greek reservists there are said to have taken the law into their own hands despite the presence of strong contingents of entente marines with the Greek authorities doing virtually nothing to control them.

King Constantine is reported to have told the British minister at Athens that the allies, having deprived him of all power and recognized the provisional government of Saloniki, had better address further proposals regarding the course of Greece to the Venizelos revolutionary government.

### MURDERERS ESCAPE FROM SING SING; ONE BADLY HURT.

(ASSOCIATED PRESS TELEGRAM)

Ossining, N. Y., Oct. 20.—Four of the six Sing Sing convicts who escaped yesterday in an automobile truck were back in the prison today and Calvin Derrick, acting warden, has placed upon the Muting Welfare league the responsibility for the men's act in fleeing.

Frank Lutz, convicted of murder, who is a member of the executive committee of the league, and Thos. Hyland, sentenced for life as a murderer, were caught early today near Elmford. William Tammany, serving 15 years for robbery, was apprehended a few hours later near Pocantico Hills, estate of John D. Rockefeller.

Marquis Curtis, a life term convict, was arrested during last night's search on Mr. Rockefeller's property. He was shot when he refused to surrender and is in a serious condition.

William Anson and Alfred Steinhauer are the two convicts still at large.

### RESENT COMPARISON TO VILLA'S BANDITS.

(ASSOCIATED PRESS TELEGRAM)

Cincinnati, Oct. 20.—"Secretary of War Baker in comparing the rebel bands in Mexico with General Washington and his patriotic army, indicated that Washington spent his time in pillaging and burning, as the outlaws in Mexico are doing. Such a statement can not go uncriticized, and the Ohio Sons of the Revolution feel that they must take action upon it."

That statement was made today by Attorney Jackson W. Sparrow who introduced a resolution at the annual dinner of the Ohio Society of Sons of the Revolution condemning Secretary Baker. Copies of the resolution will be sent to President Wilson, Secretary Baker and Congressmen.

"Our army under Washington certainly is not in the same category as the bands of outlaws under Villa and other rebels in Mexico," declared Charles Lewis, president of the society. "Naturally we resent such an inference. Our continental army was composed of peaceful citizens who were fighting for the liberty of their country. The Mexican rabble for the most part is composed of outlaws who will fight for any cause which may present itself and have done so."

### FORMER SENATOR ARRESTED FOR THEFT OF BONDS

(ASSOCIATED PRESS TELEGRAM)

Cincinnati, Oct. 20.—As "John Doe" the man who was arrested yesterday at the Amelia state band at Amelia, Clermont county, O., after he had sold back to the bank several bonds which were a part of the loot of cracksmen who robbed the bank last March, is a mystery to police and federal officers.

According to the police "John Doe" has used three other names—R. A. Gibbs, A. J. Whiteman and W. F. Croan. The prisoner is silent when questioned as to his identity.

The robbery last March netted the yeggmen \$4,000 in bonds, \$711 worth of postage stamps which the Amelia postmaster had put in the bank for safekeeping and silverware valued at \$6,000. Last Monday a man who gave the name of Croan called at the bank and sold back to the bank \$3,500 worth of the bonds or \$250. Cashier Williams said that one bond of \$500 still was missing. The man said he would try to get it. He was told to return Thursday. The man was arrested, the officers say, while negotiating for the return of the other bond.

Later today the man was identified by a representative of a detective agency as Alonzo Whiteman. Whiteman then decided to talk. He said he graduated from Columbia and other law schools. I was a state senator in Minnesota having been elected from Duluth. In 1921 I was one of those who seconded the nomination of Grover Cleveland. This summer a man named Prentice borrowed \$500 from a New York broker who is a relative of mine. He gave his note and the bonds as security. The note came due and Prentice did not appear to take it up. When the coupons were presented to a bank the broker was informed that the bonds had been stolen. I went to New York and my relative told me about the bonds. As I had before come to Cincinnati to have my eyes treated I came here both for treatment and to find the owners of the bonds. My intentions were honest all the way through."

Police records and newspaper clippings found in possession of the prisoner indicate that an Alonzo Whiteman once was mayor of Duluth. They also indicate that a Whiteman became the leader of the Whiteman-Bothman band of forgers who succeeded in obtaining \$100,000 by raising drafts. The police records show that an Alonzo Whiteman after three trials was convicted in Buffalo of raising a draft in his own defense and the trials cost that city \$20,000.

The prisoner claims that he inherited a fortune of \$1,000,000 which he dissipated on the races. He claims he is 65 years old.

### WAS ONCE A LAWYER.

Duluth, Minn., Oct. 20.—When informed that Alonzo J. Whiteman, former Duluth attorney and politician, had been taken into custody in Ohio, Duluth police declared that according to their records, it is the 15th time he has been arrested, on various charges. The police say he is a lawyer of ability. He served as state senator from Duluth. He once ran for mayor of Duluth but was defeated.

### MINE GAS

Kills Rescuer Soon After Party Entered Workings Where Explosion Occurred

### FOUR BODIES RECOVERED

Birds Used to Test Air in Mine Died Quickly But Engineer Jones In Advance of Party Was Overcome Before He Could Be Warned—Search is Being Continued

(ASSOCIATED PRESS TELEGRAM)

Farmont, W. Va., Oct. 20.—L. M. Jones, a mining engineer, sent to Farmington near here, yesterday, in charge of a trained crew from the Pittsburgh station of the bureau of mines to conduct the work of rescue at the Jamison mine where more than a dozen men had been entombed by an explosion, was asphyxiated in the workings early today.

Reached with seven other men had reached the bottom of the shaft where canary birds were released to test the air. All the birds were almost immediately killed and Jones, who had advanced further into the workings also fell to the tracks. His companions advancing to his rescue felt the force of the gas and one by one were overcome. When they did not return to the surface another party entered the mine and brought them out. All quickly recovered except Jones who apparently died in the mine.

The work of exploring the mine continued during the early hours of the day and soon after six o'clock the body of Matthew Allison, the chief electrician, who was at work in the mine when the explosion occurred, was brought out. Three other bodies were recovered, among them Allison's assistant, A. W. Vance. These men, the rescue party said, had evidently been killed by gas as their bodies bore no marks of the explosion.

Inspectors of the West Virginia department of mines at noon investigated conditions in the mine and found so much gas that further attempts to recover the bodies of those still inside were prohibited until the workings had been cleared. Thus, they expect would be some time tomorrow. Meantime the fire had been extinguished and the fans repaired and started.

The body of Engineer Jones will be sent to his home in Pittsburgh tonight. Three additional rescue men from the Pittsburgh station are expected to arrive here late today and the force of state inspectors also will be reinforced.

### LEAPS

To Running Board of President's Automobile in Pittsburgh; Is Arrested

### KNOCKED OFF BY GUARD

Knife With Five-Inch Blade Found In Bag He Carried—Declared He Was Not Satisfied With President's Conduct of European War—Bryan Rides With the President

(ASSOCIATED PRESS TELEGRAM)

Pittsburgh, Oct. 20.—While President Wilson was taking an automobile ride here today, a man, apparently a workman, with a bag of tools jumped on the running board of the President's automobile, but was knocked off by a secret service man. The man chased the President's conveyance for a block before he was arrested by local detectives and is being held by the police for observation.

The prisoner gave the name of Richard Cullon, aged 22, a machinist of this city. On his way to the police station he told the police he was not at all satisfied with President Wilson's conduct of the European war. In the bag he carried was a knife with a blade five inches long and a bottle of a liquid the police are endeavoring to analyze. The bag also contained several wood chisels.

President Wilson and W. J. Bryan, former secretary of state, met here today for the first time in months. The President stopped in Pittsburgh for an hour and a half on the way from Chicago to Long Branch, N. J., and Mr. Bryan came here on the way to speak in the district of Representative W. W. Bailey, of Johnstown, Pa.

As soon as the President arrived at the station the former secretary of state entered Mr. Wilson's private car and the two men shook hands. A large crowd outside the car witnessed the greeting. The men spoke together only for a moment or two and then left the car.

The appearance of Mr. Bryan caused a five minutes' delay in an automobile tour of Pittsburgh, arranged for the President. Automobiles waiting outside the station, and President and Mrs. Wilson immediately entered one of them. Mr. Bryan had been held back by the crowd. Other members of the President's party got in the second and third automobiles.

Seeing that Mr. Bryan had not been taken care of, Secretary Tumulty stopped the short automobile parade, just as it was getting under way. He ran forward and talked briefly with the President, and then ran back and talked with Mr. Bryan. The former secretary of state, who left the President's cabinet because of differences over foreign policies, said he preferred not to disarrange the plans, and he and Secretary Tumulty got in another automobile together.

The President and the other members of his party including Mr. Bryan then left on an hour and a half ride.

When the President and Mr. Bryan met, each smiled broadly as they shook hands. Mr. Bryan said that he would ride on the President's train for a short distance, in order to get into Mr. Bailey's congressional district. Before coming to Pittsburgh the President shook hands with a large crowd at Alliance, O. Several other brief stops between here and Harrisburg were on the schedule during the day.

After the automobile ride Mr. Bryan returned to the President's train a few minutes before Mr. Wilson arrived. "Where is Mr. Bryan?" asked the President when he arrived. The two sat and talked in the President's private car.

Mr. Bryan who has been making speeches in support of President Wilson's re-election said the President is gaining strength constantly.

## HUSBAND FOLLOWS WIFE IN DEATH; TWO FUNERALS SATURDAY

John W. Hohenberger, aged 62 years, pioneer resident of Newark, died early last evening at his home, 28 Pataskala street, following a serious illness of several months. Death was due to cancer of the stomach.

Twice within 36 hours, the grim spectre of death has cast its shadows over the Hohenberger home. Mrs. Hohenberger died Wednesday morning, the result of a complete breakdown over the sorrow and anxiety of her husband's condition. She was taken ill at 2:30 o'clock Wednesday morning and died a few hours later.

Mr. Hohenberger's condition continued to grow more critical and at 6:30 o'clock last evening, succumbed to the disease. He had been bedfast for the past five weeks.

Double funeral services for Mr. and Mrs. Hohenberger will be held at the home Saturday afternoon at 1:30 o'clock. Rev. W. D. Ward officiating, assisted by Rev. George Bohon Schmitt. Interment will be made in Cedar Hill cemetery.

The services will be strictly private.

Mr. Hohenberger was born Nov. 24, 1854 in this city. He was for a number of years engaged in the occupation of baker, but previous to his illness was employed as a decorator. He was one of the first members of the old volunteer fire department, being a member of engine company No. 3.

For a number of years he was prominently identified with the order of Redmen, but several years ago, dropped out of the organization.

Mr. and Mrs. Hohenberger are survived by five children, three daughters, Mrs. Delno Strother, South Fourth street; Mrs. Robert Deusey, Gay street; Mrs. Dora Cummings, R. D. No. 2, and two sons, Elmer Hohenberger and William Hohenberger. Mrs. Hohenberger is survived by three brothers, Fred Wade and Clarence Wade of Newark, and William Wade of Dayton, one sister, Mrs. Viola Green of Thirteenth street. The couple also are survived by nine grandchildren.

Mrs. Hohenberger was a member of the Central Church of Christ and Mr. Hohenberger of the Lutheran church.

## EX GOVERNOR

(Continued from Page 1)  
Guard of the Republican Party was again in charge of the Chicago convention and is in charge of and financing this campaign, hoping to return to power for its own selfish interests.

"I said four years ago that I believed Woodrow Wilson should be elected because he would bring about certain needed reforms. I say today that Woodrow Wilson ought to be re-elected because he has brought about these reforms. He deserves re-election if any President in America ever deserved that expression of approval from a grateful people. He has 'made good'."

"I consider it a fortunate thing that the United States in 1912 elected Wilson, the greatest statesman of modern times, President. He has been on the job every minute. If we are wise, we will keep him in our business, for our need of him is greater than ever. He must go on with the work."

"By his deeds we shall know him. The best, the greatest thing he has done? He has kept us out of war! And yet the Republican lead-

ers unfairly abuse him for that! Their criticism is on a par with their fault-finding of the Child Labor Law. If Mr. Hughes' followers in the saddle, what would happen? Mr. Taft himself has declared that with a 'jingo' in the White House we would now be at war with Germany!"

Mr. Douglas went on to discuss Wilson's foreign policy and then declared that the greatest single enactment of the Democratic congress to be the Federal Reserve Act—"the greatest piece of constructive legislation in the history of American business." He referred at some length to the tariff, to American prosperity, to the 8-hour law, to the income tax and the child labor law saying in conclusion:

"What a record! It makes one proud to be an American. A real statesman in the White House—representing all interests, all the time. Not a 'Progressive'—a DEMOCRAT, with a vision, who sees progress and meets it more than halfway. A true American who has set a pace—who has interpreted the best American ideals and put them to work. A force that has translated into deeds the views and principles of more than 4,000,000 Progressives who voted for progress—and got it, under Wilson. Do they want to go on? If they do—WILSON IS THE ANSWER."

## A TAFT ELECTOR TELLS WHY HE WILL SUPPORT WILSON.

Janesville, Wis., Oct. 20.—A. E. Matheson, one of the best known of the conservative Republicans in the state, has announced that he will support President Wilson for re-election. Mr. Matheson was a Taft elector in 1912. He is a law partner of ex-Senator John M. Whitehead.

"As to the legislation that has been passed, I mean relating to Mr. Wilson's domestic policies, I know some things to commend, and perhaps some to criticize," says Mr. Matheson. "On the whole, Mr. Wilson is to be commended for his humanitarian principles."

"He has been roundly condemned for allowing the Adamson bill to become a law. My view is that after he did the best he could to meet a very difficult situation, as a final step he did about the only thing he could do to prevent a great calamity. If we condemn the Democrats for that bill, we have also got to condemn the Republicans, because it went through without any active opposition."

"Our foreign relations are very much strained, as they have been for over two years. Mr. Wilson has had more serious problems to meet than any other President since Lincoln. I think Wilson has handled foreign affairs with large vision and looking to the future, as well as to the present. It seems strange that on the one hand men accuse Wilson of being cowardly in his attitude toward Germany, and then on the other hand he is accused by the German-Americans of having a bias toward the allies. I commend Wilson for acting with fine poise and balance in very trying times."

## IMPORTANCE OF PERSONAL CREDIT WAS EMPHASIZED.

The second talk in the Salesmanship and Business Efficiency series was given in the Y. M. C. A. last night by Attorney E. S. Randolph. The subject of this talk was "Business Principles Every Young Man and Woman Should Know." Mr. Randolph emphasized the following facts: "Loyalty to the employer; the matter of one's personal credit; the hazards and risks in business life; the necessity of willingness and promptness in meeting obligations."

The next talk in the series will be given next Thursday night by General Secretary, Frank L. Johnson on the subject of "Habits and Their Relation to Business Efficiency." This topic will deal with moral, intellectual and physical habits that have their bearing upon every day life.

## Urges Everyone to Quickly Get on Water Wagon

Drink glass of hot water before breakfast to wash out poisons.

To see the tinge of healthy bloom in your face, to see your skin get clearer and clearer, to wake up without a headache, backache, coated tongue or a nasty breath, in fact to feel your best, day in and day out, just try inside-bathing every morning for one week.

Before breakfast each day, drink a glass of real hot water with a teaspoonful of limestone phosphate in it as a harmless means of washing from the stomach, liver, kidneys and bowels the previous day's indigestible waste, sour bile and toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases and acidity and gives one a splendid appetite for breakfast.

A quarter pound of limestone phosphate will cost very little at the drug store but is sufficient to demonstrate that just as soap and hot water cleanses, sweetens and freshens the skin, so hot water and limestone phosphate act on the blood and internal organs. Those who are subject to constipation, bilious attacks, acid stomach, rheumatic twinges, also those whose skin is sallow and complexion pallid, are assured that one week of inside-bathing will have them both looking and feeling better in every way.

Mrs. Curie travels about in a big motor car filled with a complete X-ray equipment. Recently she has been going the rounds of the French field hospitals.

"What do you know about that—a MILD cigarette that satisfies!"

Chesterfields have done "the impossible"—they satisfy and yet they are not strong. They are MILD! Chesterfields do for your smoking what bacon and eggs do for your breakfast—they satisfy.

And yet Chesterfields are MILD—that's the point.

No other cigarette can give you this new enjoyment (satisfy yet mild) because no cigarette maker can copy the Chesterfield blend.

### Columbus Resident Finds Relief After Two Years' Suffering from Peculiar Form of Nervousness.

No better proof of the merits of Native Roots (double strength) as an efficient remedy in cases of disordered nerves and nervous dyspepsia could be given than is set forth in the following signed statement by Mrs. Henry Westmiller, residing at 311 1-2 Zettler street, Columbus. This is what she says: "My husband has been very nervous for the past two years, but of late has been exceptionally bad, finding it almost impossible to get a good night's rest. His nervousness also seemed to affect his stomach because he lost his appetite and for weeks has hardly been able to eat a good meal. My attention was called to the wonderful benefits other people were receiving from taking Extract of Native Roots and I persuaded him to try a bottle to see if it would relieve his condition any. The result has been remarkable. He now has a good appetite and sleeps better than he has at any time in the past two years. His nervousness having entirely disappeared. He also seems to feel stronger since taking your medicine and I am pleased to recommend it because of the remarkable improvement in his condition."

This is only one of the many signed statements from residents of this city and many sections of the United States attesting to the merits of this wonder remedy. In cases of nervousness and the many allied ailments, such as nervous dyspepsia, listlessness, loss of sleep, lead, rashes, prostration, despondency, mental and physical depression. In this connection you will be interested in the words of the well-known authority, who says: "To cure a disease you must go to its source. If you are the victim of any of these afflictions, do not delay another minute. Purchase a supply of Extract of Native Roots (double strength) today. What benefited Mr. Westmiller, after two years' suffering, should benefit you. Extract of Native Roots (double strength) is sold in Newark exclusively at Erman's Arcade Drug Store. (Advertisement.)

### MISSIONARIES WILL SPEAK IN LOCAL CHURCHES.

Miss Sahadi is a member of the Syrian-American Modern Society, which is handling the relief, and the Newark girl who has been active in assisting the people of her native country should be given every encouragement and it is to be hoped that the kind hearted people of our city will render her every assistance possible and contribute to the worthy cause.

## Newark Fishermen Land Muskallonge Weighing 30 Pounds

The largest muskallonge ever caught in the Muskingum river was landed this morning by Harry M. Evans of this city, at present an inspector in the state utilities department and a former B. & O. engineer, and the well known piscatorial expert, J. N. McDonald, who also handled a thrasher for the B. & O. These two men demonstrated that they are just as good at landing a monster as they are in landing a train safely at its destination.

Messrs. Evans and McDonald were in a row boat when the big fish took one of their hooks and after thirty minutes work they succeeded in landing it. It weighed just exactly 30 pounds and is 4 feet in length. It was caught on a double hook, one of which was imbedded in the throat and the other near an eye. The hook in the throat forced the monster's mouth open and it gave the angler's hand a good grip on the struggle as it was drawn out. It could not fight. Had it not been for this it might have taken a couple of hours to land it and it also might have worked free of the hook.

The big muskallonge is on exhibition at the City Drug Store where it has been viewed by hundreds. It will be mounted and preserved as a memento of the proves of the two Newarkites with rod and reel.

## EXTENSES TOO HIGH ASYLUM INMATES ARE RETURNED HOME.

(ASSOCIATED PRESS TELEGRAM) Milledgeville, Ga., Oct. 20.—Because of the high cost of living, many of the 4200 inmates of the state hospital for the insane here, who are not considered "dangerous to society" are to be returned to the care of friends or relatives or to the counties from which they came. This announcement was made here today by the institution's trustees who said that the cost of feeding the inmates had increased 75 per cent. in the past year, and that the annual allowance from the state treasury was insufficient. The "feeding out process" as it was described, is to begin immediately, it was announced.

## An Effective Laxative For Growing Children

Dr. Caldwell's Syrup Pepsin Highly Recommended as a Family Remedy.

In children the slightest irregularity of the bowels has a tendency to disturb the entire digestive system, and unless promptly remedied invites serious illness. The experienced mother knows that by training her children to regularity in this respect, and when occasion arises administering a mild laxative, she will have little need for the doctor's services.

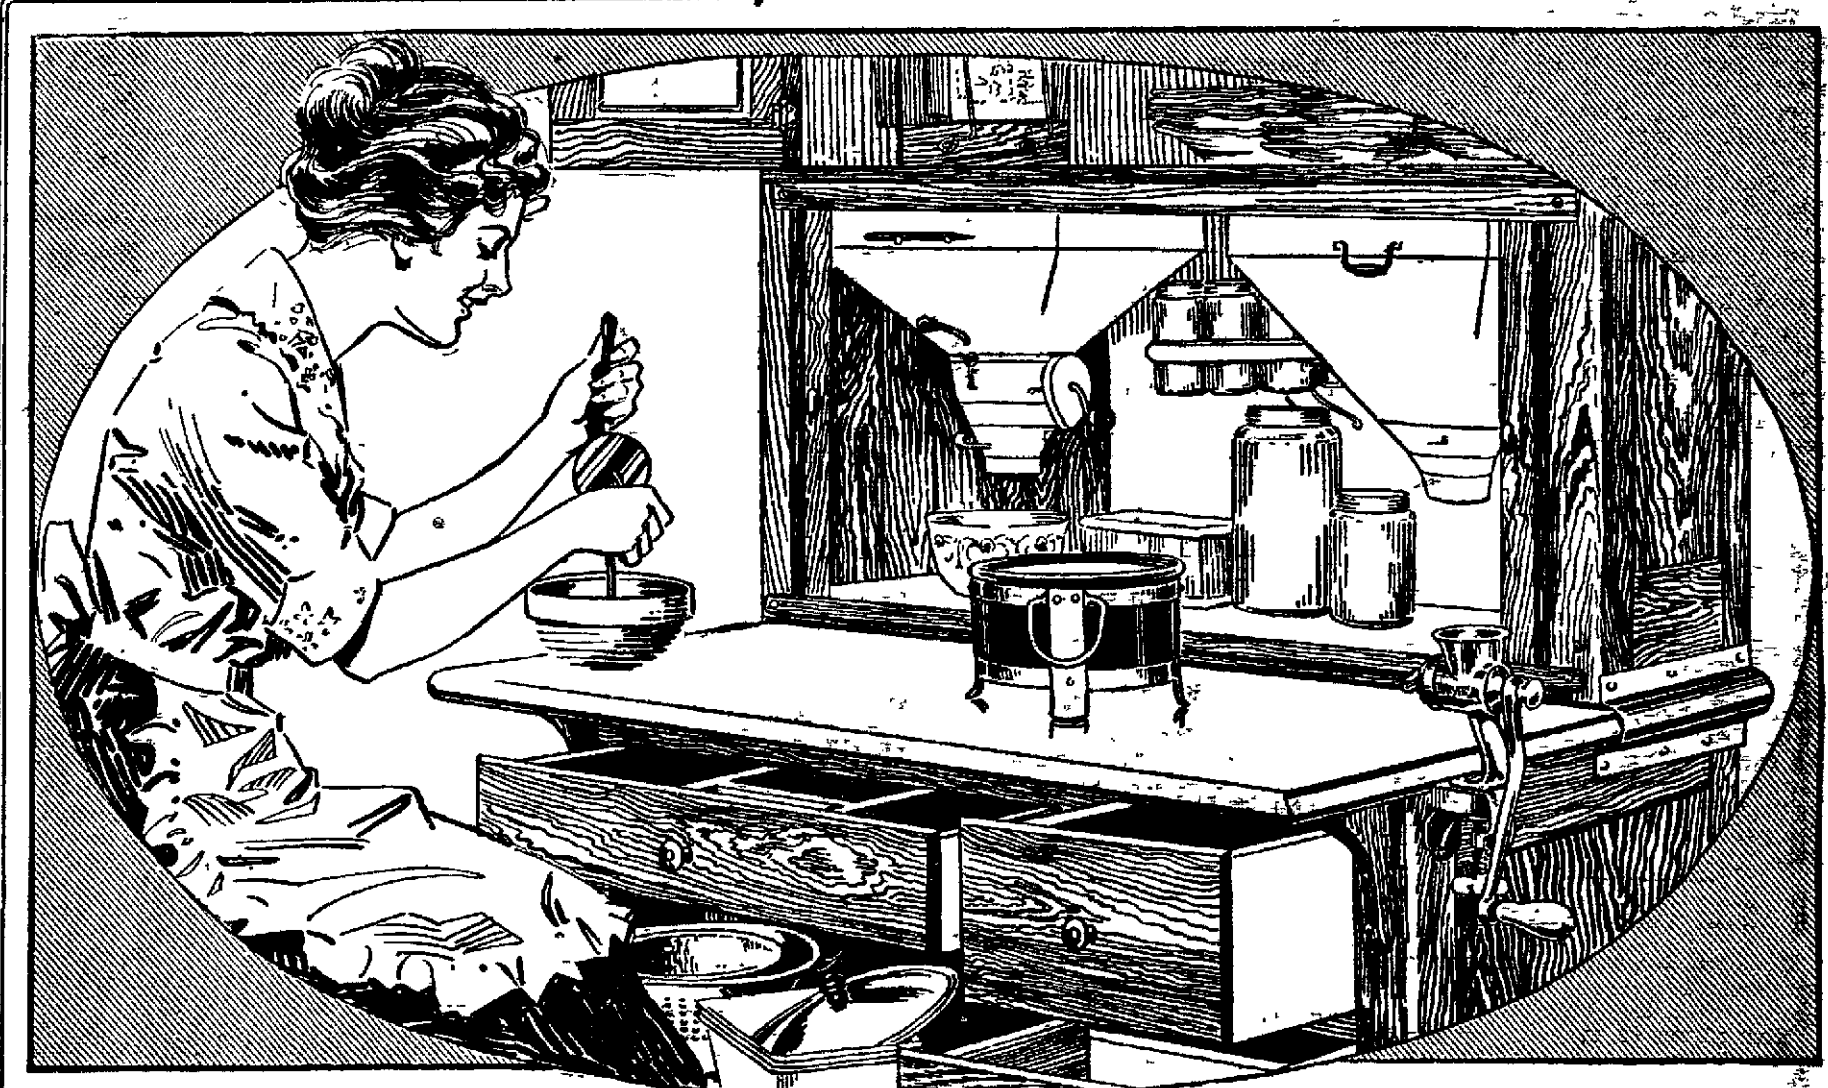

Mrs. Leo Weigand, 3251 Central Ave., N. S., Pittsburgh, Pa., whose two boys, Frank and Joseph, are shown in the illustration, writes that she has found Dr. Caldwell's Syrup Pepsin a most effective laxative, not only for the children but also for herself, and that she will always keep it in the house to use when needed. Dr. Caldwell's Syrup Pepsin is a combination of simple laxative herbs with pepsin that acts easily and naturally, without griping or other pain or discomfort. It is pleasant to the taste so that children like it, and is equally effective on the strongest constitution.

Dr. Caldwell's Syrup Pepsin can be obtained at any drug store for fifty cents, and should have a place in every home. It will save many times its cost in lessened doctor bills and maintain the health of the entire family. To avoid imitations and ineffective substitutes be sure to get Dr. Caldwell's Syrup Pepsin. See that a facsimile of Dr. Caldwell's signature and his portrait appear on the yellow carton in which the bottle is packed. A trial bottle, free of charge, can be obtained by writing to Dr. W. B. Caldwell, 455 Washington St., Monticello, Ill.

## The Hoosier Cabinet Cuts Work In Half Stop Being a Slave to Your Kitchen

Nothing wears a woman out so quickly as kitchen work. Many a woman has lost her health and strength through toiling long hours in the kitchen when she could have had her work done in half the time with the Hoosier Cabinet.

This marvel of convenience has places for 400 articles, all within arm's reach—a centralized storehouse with 40 labor-saving inventions! Some cabinets have copied a few of them, but 17 of these Hoosier features can't be found in all the other cabinets combined.

## The Vital Part of Your Kitchen Cabinet Prices and Terms

The picture above shows the section of your cabinet that is most important.

Storage space is above and below; the articles most often used are placed where they are easiest reached. There is plenty of unhampered room above and around the aluminum (or porcelain) work-table.

There are no useless little partitions to chop up the space and leave no room for work. Your cabinet must have big table space to work on. The Hoosier gives it.

## COME SEE THESE SIX EXCLUSIVE HOOSIER FEATURES!

- 1—The all-metal glass front flour bin.
- 2—The gear-driven shaker flour sifter—makes flour light and fluffy.
- 3—Scientific arrangement—articles needed most frequently easiest reached.
- 4—Revolving caster (shown in center of illustration).
- 5—The ingenious, big-capacity sugar bin—holds more than twice as much as most other bins.
- 6—Finally, the doors that roll back at the sides of the cabinet, entirely out of the way.

And regardless of the room in your kitchen, there's a special Hoosier model to fit, at a price you can easily afford.

## Farmers Favor Wilson.

Resolutions endorsing the Ad-  
ministration of President Wilson  
were passed unanimously by the an-  
nual convention of the Farmers'  
Grain Dealers' Association, of Illi-  
nois, which met in Decatur this  
week. The resolutions said in part:  
"During the last three years there  
has been a record of unparalleled  
achievement in Federal legislation  
and Administration in the interest of  
the farmer. This Association ac-  
knowledges with gratitude the en-  
deavors made and results accom-  
plished in behalf of the develop-  
ment of agriculture and the ad-  
vancement of the interests of the  
farmer, and tenders its grateful ap-  
preciation thereof."

## Davis for Clerk.

Leo T. Davis is a young man who  
is very popular with all who know  
him. He is outspoken, yet always  
kindly disposed toward everyone.  
He conceals nothing and at once  
gives one the impression of being  
entirely honest, which is confirmed  
as one becomes acquainted with him.  
As county clerk, he will give his  
time and attention to the office, that  
he may serve litigants attorneys and  
the public in the most capable man-  
ner.

## The Vice President.

The Democratic candidate for vice  
president is gracefully submerging.  
—Pittsburgh Gazette Times.  
The editor of the Gazette Times  
evidently failed to read the reports  
of Mr. Marshall's Newark and Col-  
umbus speeches. The vice presi-  
dent spoke in the Newark high  
school auditorium last Monday to a  
capacity house and he gave one of  
the most interesting and most con-  
vincing speeches of the campaign.  
Submerging? Not that anybody out  
this way has noticed. On the other  
hand the vice president is discharg-  
ing 18 inch shells into the enemy's  
camp every day.

## Flory for Prosecutor.

When Charles L. Flory takes the  
office of prosecuting attorney there  
will be no indictments nollied at the  
instance of personal or political in-  
fluence. He will endeavor to hon-  
estly put the facts clearly before a  
grand jury, and when that body  
thinks they are sufficient upon  
which to base an indictment he will  
honestly prosecute the case, who-  
ever the defendant in the case may  
be. And he will do it with courage  
and ability.

## Some Boots.

In 1914 Willis talked about the  
boots sticking out of the windows in  
Columbus. Under Willis the state  
pay roll has increased \$375,000 in  
one year. Allowing \$1,000 for each  
man as an average salary this would  
be 575 more employees and neces-  
sarily mean 1,100 more boots stick-  
ing around in the way in Columbus.

## Wilson Day Oct. 28.

Saturday, October 28, will be ob-  
served in every city, town, and ham-

celebrations a proclamation by the  
President on Americanism is to be  
read.

## If Wilson Shall Be Defeated.

(Springfield Republican.)

It is futile to deny that within the  
past year the popular reasons for  
American sympathy with Great Brit-  
ain have been slowly weakening.  
Aside from the situation in Ireland,  
America has been more or less af-  
fected by a perceptible British ar-  
rogance in making new sea laws to  
suit the immediate interests of Great  
Britain. Our material interests have  
not been much, if any, sacrificed;  
and President Wilson thus far has  
been wise not to push our claims to  
extremes, for we can never face a  
clash with Britain in the present  
war without carefully considering  
what her ally Japan would do to us  
in the Pacific. But the old Tory in-  
fluence has virtually overcome the  
liberal democratic influence in the  
present coalition Government of  
Great Britain, and American democ-  
racy has never been friendly at heart  
to Tory England.

With President Wilson defeated  
and the Democratic party deprived,  
as it would be, of his powerful re-  
training and stabilizing influence as  
an undisputed leader, it is virtually  
a certainty that the Democratic party  
would become a rich field for such  
anti-British agitators as Hearst.  
It would be the prey of the Champ  
Clarks in the West and the Hoke  
Smiths and Colquitts in the South.  
It would become the storm center of  
anti-British feeling, and Mr. Hughes  
pro-German supporters might desert  
him overnight for the sake of mak-  
ing the Democratic party a power-  
ful opposition to an administration  
trying to maintain peace with Brit-  
ain. For these reasons, it seems cer-  
tain that the situation would grow  
worse in this country, compared with  
the situation under the Wilson Ad-  
ministration, even if peace were  
maintained with all of the belliger-  
ents. For at present while we have  
anti-British and anti-German groups  
we still have neither an anti-British  
nor an anti-German party.

Wilson is our sole safeguard,  
probably against such a develop-  
ment. Wilson is the roughly-used  
buffer, unique yet incomparable,  
between violently antagonistic forces  
in our politics and our international  
relations; but, if peace is to be pre-  
served, he can have no suitable suc-  
cessor in the direction of our foreign  
relations while the great war lasts.

## Wilson Women.

(Philadelphia Record.)

The organization of the Pennsylv-  
ania Women's Woodrow Wilson  
League, to give active aid in the  
campaign for the re-election of the  
President, is the more notable by  
reason of locality. Pennsylvania is  
the most radical and steadfast cen-  
ter of hidebound Republicanism  
among the more populous States of  
the Union, and Philadelphia is its  
citadel. Yet in the present crisis of  
our federal affairs they should actively  
give aid to policies they approve are  
going to do what they can to bring  
out the Wilson voters.

There is a strong undercurrent of  
popular sentiment favoring the con-  
tinuance in power of Democratic Ad-  
ministration of which this Women's  
League furnishes new proof. Unfor-  
unately, Pennsylvania women cannot  
cast their votes, but they can bring  
to bear a most potent influence in  
determining the result. The male  
voter is still amenable to home and  
fireside pleading. There is no fuss  
and feathers in the preliminary an-  
nouncement of the Women's Wilson  
League movement, no flare of trumpets  
or cross-country parade; but the  
names of the women prominent in  
the rush for continued peace and  
prosperity are a sufficient guaran-  
tee of good faith and of straight-  
forward and steady support for the  
cause espoused of their own free will  
and better judgment.

## Costly Living.

(Ohio State Journal.)

Most of the high cost of living  
comes from buying things we don't  
need. If it wasn't for that we  
would all live off the fat of the land,  
and the rich and well-to-do would  
have enough left to help other peo-  
ple and boost the uplift of the city.  
If all the money that society throws  
away on idle pleasures and needless  
things were redistributed equitably  
among the people, everybody would  
be living on lamb chops, Lima  
beans and pound cake; and the re-  
sulting action of such a situation would  
compensate the well-off for the loss  
of their joyless pleasures. But the  
old ideal of the university seems still  
to influence the people, "never to  
vex at the land's ridiculous misuse."  
It wouldn't cost a cent to have it  
otherwise, as long as our money  
goes into pleasures and trifles. But  
take each individual life and cut off  
the foolish and needless things, and  
such a money would occupy the proud  
eigence of a champion of nobler  
things.

## John M. Parker's Speech.

(New York Evening Post.)

There is no mistaking the depth  
of feeling in the attack of John M.  
Parker, Progressive candidate for  
Vice President, upon that party's  
founder and former leader. Nor  
will the most completely reconciled

Progressive-Republican deny that he  
speaks the mind of not a few of the  
come-outers of 1912 who thought  
they had enlisted for a war and not  
for a single campaign. The  
speech is all the more forcible for its  
lack of vituperation, especially as its  
is cruelty itself in its use of the  
Colonel's parallel between what the  
Colonel and Perkins said repeatedly  
and what they did last June. Mr.  
Parker is under no delusions as to  
who did the deserting that disrupted  
the Colonel's Own Corps, and he  
is equally clear upon the course to  
be taken by those still following the  
colors. Where there is a Progress-  
ive ticket, let the men and women  
who retain their convictions on the  
party's principles vote for it, regard-  
less of their chances of success. For  
President, let them vote for their  
principles and at the same time  
express their indignation at their  
betrayal by marking the bal-  
lot for Wilson. Both the strength  
and the weakness of Mr. Parker's  
position consist in the fact that he  
talks and acts like a Progressive of  
1912.

## Accidents at R. R. Crossings.

(Ohio State Journal.)

Why is it that we have so many  
autos run over by railroad trains at  
crossings? It is only carelessness  
that will explain it. Before a per-  
son drives a vehicle of any kind  
across a railroad track he should  
stop 20 feet before the track, listen  
and look, so as to be absolutely  
sure that no train is coming before  
he crosses. In an account of a re-  
cent fatal accident the reporter said  
"it was impossible to hear the bell  
for the roar of the approaching  
train." So there was a bell besides  
the noise of the coming train to  
warn the traveler. But whatever  
the environment, an autoist should  
stop and be sure before he crosses a  
track. There is no need of even a  
possibility of an accident if intelli-  
gent caution is exercised. Let us  
hope that the auto club will orga-  
nize a counter movement against the  
recklessness that prevails; and to  
start with, let them agree to black-  
list every man who gets run over at  
a railroad crossing.

## Pomerene's Record.

Out of one thousand one hundred  
and ninety-nine (1199) roll calls in  
the Senate since 1911, Senator At-  
lee Pomerene missed only 146; ac-  
cording to a tabulation issued Sep-  
tember 28th by the National Voters  
League exactly two members of the  
Senate exceed this record. Reed  
Smoot having missed only 102 roll  
calls during the last six years, and  
Wesley Jones, of Washington, also  
a Republican, having missed 130.

**Herrick's Campaign Fund.**  
"Myron T. Herrick (Republican)  
nominee for United States Senator  
from Ohio, is an enormously wealthy  
man. He spent in excess of \$50,000  
to land the nomination at the re-  
cent primary. It is currently ru-  
mored, or at least safe to assume,  
that he will spend a bigger and cor-  
responding sum to pull down the  
plum he covets, in November. In-  
deed, these are the good old Mar-  
k Hanna days. The Herrick slush  
fund should be passed around and  
every Republican precinct commit-  
tee man should insist on getting his  
share this fall."—Wooster News.

**What Wins Wars.**  
As Lord Kitchener very truly  
said: "Generals win battles, but  
soldiers win wars." Where one side  
has more soldiers and better sol-  
diers, all the strategy the command-  
ing officer needs is Grant's strate-  
gy, which consisted of continual  
hard pounding, administered by the  
Union army. Very similar methods,  
and apparently with equal success,  
as were employed against Lee 50  
years ago, are being employed  
against Field Marshal von Hinden-  
burg today.—The New Republic.

**The Colonel.**  
Only four years ago, almost to

belly with it. Just the way the other

Erie Railway's  
President is For  
Wilson's Election

F. D. Underwood, president of the  
Erie railroad, in an interview given  
at Chicago the other day declared in  
favor of the re-election of President  
Wilson. Mr. Underwood said that  
he fully endorsed the recent approval  
of the President's policies by  
Joseph Lovett of the Union Pacific.  
Mr. Underwood went on to state  
his reasons for thinking "that the  
Administration of President Wilson  
has, on the whole, been successful  
and worthy of a further trial."  
"For many years," he said, "the  
Democratic party was one of opposi-  
tion, devoted to destructive attack  
and barren of constructive sugges-  
tion. With its accession to power  
some of us expected four years of  
futility, in place of which its accom-  
plishments and actions have sur-  
prised its adversaries. The President  
has achieved the seemingly impos-  
sible.

"As to the statement that Presi-  
dent Wilson played politics in the  
railroad negotiations for an eight-  
hour day by the brotherhoods in  
Washington, I once stated, and now  
reaffirm, that my opinion is he used  
his best judgment in doing as he

you got to do is

## Amusements

### Last Night's Show.

Last night's attraction at the Auditorium was one of those thrillers where the poor washer woman loses her baby, goes blind, nearly starves to death, is thrown into prison while the poor daughter goes to the big city, is kidnapped by White Slavers, thwarts them, escapes and finds her mother scrubbing office floors. Rescues her from a life of poverty, is left a fortune and goes to live in a palace, afterwards marrying the trombone player in the village band and lives happily ever after. The play was entitled "A Little Girl in a Big City." The company gave a matinee and evening performance.

### Auditorium.

The ordeal of fire faces William Farnum in his latest photoplay for William Fox "Fire of Conscience." He finds almost insuperable difficulties in his battle for the love of a girl. He wages two fights, one against himself, and the other against his enemies. In the end he is triumphant and happy. The story begins when George

Baxter (Mr. Farnum) brings home his wife, Margery. She was a college girl, whom George had seen once, fallen in love with, and married. George's father, Robert Baxter who has been chief of the city police for twenty-five years, welcomes the girl into his family.

All goes well until Paul Sneed, a neighbor, returns to the city. He had known Margery before her marriage. When George returns home unexpectedly, late one night, he finds Paul in the room with his wife. The intruder runs from the house. George follows, and shoots him. Paul falls dead on the street. Only Margery Baxter and Paul's father, Judge Randolph Sneed have been witnesses of the tragedy. The Judge had seen it from the doorway of his house.

This feature today together with Pathe Weekly makes The Auditorium program one that all should see. This picture will also be displayed Saturday, the showings being continuous that day from 1:00 until 11 p. m.

Next Monday at the Auditorium, afternoon and evening marks the coming of "Blotch" Cooper's big extravaganza "Beauty and Folly." The

snap and go which is always inevitable in the sort of shows sent on tour by the management of the famous home of mirth and melody, is especially evident in the forth-coming production. There are pretty dazzling girls in the chorus, elaborate costuming, real comedy and choice vaudeville of the stellar variety, which has been universally acclaimed to be the best seen here by the lighter forms of musical burlesque. The consistent comedy of Bert Weston and Minnie Harrison, "Fanny and Princess of Nutville," Charlie Ward, Catherine Murray, Don Trent, Sarah Hyatt, Margaret King, and Dan Gracey, Alpine trio,

The survivors were landed at Newport on Monday morning by the United States torpedo boat destroyers which had rescued them.

This weekly will be seen at the Auditorium next week.

Though there have been many songs extolling life on the ocean wave, and innumerable plays that picture the deeds and misdeeds of the socially elect, life on our island waterways has seldom aroused the interest of the playwright. Hence "Still Waters," the story of canal-boat life and of the circus, in which Marguerite Clark is featured by the Famous Players Film Company on the Paramount Program at the Alhambra Sunday, will prove of special interest.

"Freckles," the book by Gene Stratton Porter and dramatized by Neil Twomey, with music by Anatol Friedland, will be seen at The Auditorium Saturday, Oct. 28th, with a matinee and evening performance. A most novel stunt will be the admittance absolutely free to the matinee of the first 50 freckled face girls and boys.

The beauties of the world expressed in exquisite photography and projected with a degree of perfection that makes them appear super-realistic will be revealed at the Auditorium theatre on Sunday, Oct. 29th. Of course this means that Lyman H. Howe's Travel Festival will be the attraction. For, in spite of the extravagant claims made in our day and generation by all sorts of movie exhibitors, it should be stated, as a matter of common fact and justice, that Lyman H. Howe is today as much the peer of exhibitors as he was from the days when he was the pioneer. Indeed, it hardly seems necessary to say that today his exhibition is as unique as ever, because he has established the fact of its quality and perfection so clearly on each recurring semi-annual engagement.

Lawson Butt as Tybalt, Robert Cummings as Friar Laurence and Adella Baker as the Nurse to Juliet. Those who have seen the production say it is most beautiful and impressive.

 **YALE FOOTBALL TEAM** PLAYING VIRGINIA POLY. (ASSOCIATED PRESS TELEGRAM) New Haven, Conn., Oct. 20.—A rain soaked gridiron and unfavorable weather served as a heavy handicap to Yale and Virginia Polytechnic institute in their football game here this afternoon. On the strength of comparative records Yale was a warm favorite. The game was scheduled for today because the howl will be used tomorrow for the pageant coming on the 20th anniversary of the removal of Yale from Saybrook to New Haven.  Yale was weakened by the absence of Captain Black and Shelton, who have minor injuries. The Blue started with a new center, Hutchinson, who previously had played fullback. | **HEADSTONE CHARGED** OFFICER WITH MURDER; FORMER MARSHAL DEAD. Quest, after the Civil war, was a deputy marshal, and was called on to capture a gang of bandits that had attacked a settlement near Kansas City. In the fight that followed, the supposed leader of the bandits was killed. His relatives brought the body here and placed over it a stone bearing the inscription: "Murdered by C. Quest and his men, August 15, 1866."  In relating the incident Quest often said: "Those were terrible days and I was only doing my duty."  Andrew S. ## WANT BANK STOCK TAXED AT VALUE INDICATED ON BOOK

Vice President W. W. Gard, of Group "5" of the Ohio Bankers' Association, at their 12th annual convention, yesterday afternoon acquainted the members with the taxation situation as it now stands and of the proposed manner of taxing banks, to be carried out by the Ohio Tax Commission, at Columbus.

A resolution protesting against the method of taxation, as "manifestly unfair" was introduced by Mr. Gard, and adopted by the convention. The protest is as follows:

WHEREAS, The Ohio Tax Commission has under consideration a plan for valuation of Bank Stocks for Taxation at their market value instead of following the former practice of basing valuations upon the book value of the stock as appearing in the Comptroller of the Currency and the Superintendent of Banks, and

WHEREAS, It appears to be wholly impracticable to determine the market value of the smaller country banks and many of the larger city banks of the state by sales of their stock, and

WHEREAS, It is manifestly unfair to apply different methods to different groups of banks,

Therefore, he is resolved: That it is the sense of the members of the members of Group Number Five, Ohio Bankers' Association, that Bank Stock valuations be made as follows:

1. Valuations should be based primarily upon the book values.
2. Banks should not ask for nor be allowed deductions for bad, doubtful or duplicated assets.
3. Banks should be allowed deductions for unearned discount, for accrued but unpaid interest upon deposits and for accrued but unpaid taxes, but banks claiming such deductions should be charged with accrued but uncollected interest receivable.

## BIRTH CONTROL ADVOCATES ARE READY TO FIGHT.

New York, Oct. 20.—Mrs. Margaret Sanger, of this city, who was arrested and convicted but not punished while in Portland, Ore., recently for advancing birth control, announced today that clinics for the dissemination of information on that subject soon are to open in San Francisco, Cleveland, and other western and inland cities.

The police here are searching for a clinic which is being conducted in the east New York section of Brooklyn and which has been advertised by distribution of hand bills in English, Yiddish and Italian.

The teaching of birth control here is a misdemeanor under the law.

Mrs. Sanger said today she believed the police would find the clinic in a few days. "We are prepared," she said, "not in any aggressive or insolent way but dispassionately, to fight the matter through all the courts in the state."

## MINERS DEMAND EIGHT-HOUR DAY; 6,000 ARE AFFECTED.

Punxsutawney, Pa., Oct. 20.—Six thousand bituminous coal miners are affected by a strike at seven mines of the Buffalo, Rochester and Pittsburgh Coal and Iron company near here. The outside men at all the mines demand an eight-hour day with the same pay as given them for ten-hours while the miners at a number of the other workings ask for a readjustment of the weight scale.

## FARMERS CONGRESS RE-ELECTS OFFICERS AT INDIANAPOLIS MEET.

Indianapolis, Oct. 20.—The thirty-sixth annual Farmers congress closed here today after being in session since Tuesday. ## WOMAN HAD NERVOUS TROUBLE

Lydia E. Pinkham's Vegetable Compound Helped Her.

West Danby, N. Y.—"I have had nervous trouble all my life until I took Lydia E. Pinkham's Vegetable Compound for nerves and for female troubles and it straightened me out in good shape. I work nearly all the time, as we live on a farm and I have four girls. I do all my sewing and other work with their help, so it shows that I stand it real well. I took the Compound when my ten year old daughter came and it helped me a lot. I have also had my oldest girl take it and it did her lots of good. I keep it in the house all the time and recommend it."—Mrs. DEWITT SINCEBAUGH, West Danby, N. Y.

Women everywhere bear willing testimony to the wonderful virtue of Lydia E. Pinkham's Vegetable Compound.

## CONSTIPATED, BILIOUS, RUN-DOWN?

Wash Out the Bile With a  
Wineglassful of Tollo Water  
and Feel Fine in  
Half an Hour

Our present mode of living makes bad livers. The bile tubes become choked and force bile into the system, causing gas, heartburn, coated tongue, constipation, dizziness, nervousness, headache and stomach trouble.

A third of a tumblerful of TOLLO WATER in a glass of plain water before breakfast relieves your constipation in 30 minutes. The natural properties of this water stimulate the liver to greater activity without the weakening effects produced by strong drugs.

Get a 15-cent bottle and take a little for a few days. It really works wonders. TOLLO WATER is bottled at Dawson Springs, Kentucky, but it is sold by druggists everywhere. (Advertisement)

Mrs. T. G. Smith and daughter spent Monday with G. M. Koontz and family.

On Wednesday evening Mr. and Mrs. Edwin Koontz, a bride and groom of a week, were given a shower at their home in St. Louisville. Their friends came in such numbers that it could hardly be said "there was room for one more." The dining room table instead of groaning beneath the weight of things tasteful and delicious, was piled high with things both ornamental and useful. Music and games were enjoyed followed with a dainty lunch. Every one left feeling that Mr. and Mrs. Koontz had entertained them in a royal manner.

On Wednesday afternoon Mrs. Perry Van Winkle entertained the Eden Auxiliary of the C. W. B. M. The program was a missionary one, the subject being India. There was a good attendance and the social hour after the program and the delicious refreshments were very much enjoyed by all.

Miss Orisa Hay left Thursday morning for Hebron where she is attending school, after spending the evening before with her cousin, Mrs. E. S. Koontz.

Miss Mary Koontz of Chatham spent Wednesday evening and Thursday in St. Louisville.

THE HUB

### RED LIPS AND HEALTH

The first place that anemia, or thin blood, shows is in the lips and gums and the membranes that line the eyelids. You may be naturally pale and still be healthy but when these membranes lose their bright red color your blood is deficient in quantity or color. Thin blood is a danger. It invites disease. The organisms of the blood fight off disease germs. Thin blood means less power to do this. For instance, when you cut yourself it does not heal so quickly if your blood is thin and weak.

To build up the blood there is one remedy that has been a household word for a generation, Dr. Williams' Pink Pills for Pale People. They tone up the entire system, make the blood rich and red, strengthen the nerves, increase the appetite, put color in the cheeks and lips and drive away that unnatural tired feeling. Plenty of sunlight, good wholesome food and fresh air will do the rest.

Two books, "Building Up the Blood" and "What to Eat and How to Eat" give just the information that every mother of a growing girl needs. They are free. Write for them today to the Dr. Williams Medicine Co., Schenectady, N. Y. Your own druggist sells Dr. Williams' Pink Pills.

### GUARD YOUR CHILDREN AGAINST DISEASE

Infantile paralysis, scarlet fever, diphtheria, and other dreaded diseases of children can be guarded against. Medical and health authorities everywhere advise gargling, and spraying of the nose and throat, whenever a child shows symptoms of having "a cold" or whenever epidemics are prevalent in the neighborhood.

The gargling and spraying should be done with a safe and powerful antiseptic. Physicians find some difficulty in recommending one which is powerful enough and yet can safely be kept where children are likely to get hold of it. Since the discovery of Hyclorite, this difficulty has been overcome.

Five to ten drops of Hyclorite in a glass of water have given unsurpassed results as a spray and gargle in places where epidemics of infantile paralysis and scarlet fever occurred and in winter and spring when diphtheria is prevalent.

Hyclorite is a solution of sodium hypochlorite. A U. S. Government report has been published showing that 130 antiseptics were recently tested in military hospitals of Europe and sodium hypochlorite is declared by the surgeons to be the most efficient and economical of them all.

Although many times more powerful than the harmful antiseptics which contain poison, acid, mercury or dangerous preservatives, Hyclorite is even safer than the weak and ineffective peroxides. It is clean, clear and harmless—but powerful.

It is excellent for burns, is unsurpassed for cuts and wounds, as a mouth wash and as a general family antiseptic. Any druggist can supply you with Hyclorite in 25 and 50 cent bottles.

## BALLOON

### SERVICE OF THE U. S. ARMY WILL BE DEVELOPED BY NEW BRANCH.

School Will Be Established to Train Officers in Handling Kite and Captive Balloons.

[ASSOCIATED PRESS TELEGRAM]

Washington, Oct. 20.—Army aviation officers are preparing to carry their campaign for the development of the air service into the field of balloons and other lighter-than-air craft. It was stated today that a balloon school probably will be established at Akron, O., where it is expected that the first balloon equipment for the army will be constructed, or at Fort Omaha, Nebr.

A rubber company in Akron is co-operating with the war department in developing lighter-than-air craft.

Major Charles De F. Chandler, of the signal corps, who has had many years of practical experience with balloons, has been appointed head of a new division created in the aviation section of the signal corps. All matters pertaining to free and captive balloons, dirigibles, hydrogen generating plants and the like, will hereafter be under his charge. He is now in New York assembling a staff of officers to aid him, preparatory to establishment of a school for the training of officers and men for the balloon service similar to the aeroplane training stations.

Bids have been advertised for two spherical and two kite-like balloons which will be the first equipment for the new branch of the aviation service. With the funds for aviation work made available by congress, it is planned to add additional balloons or dirigibles as rapidly as the men to handle and care for them can be trained.

The two spherical balloons to be purchased will be of the ordinary free flight type as distinguished from the kite or captive balloons, of use for observation purposes. Major Chandler has made many balloon flights and while the military uses of such air craft are somewhat limited they are regarded as essential for the training of officers who later may command dirigible aircraft, possibly huge battleships of the air like the Zeppelins Germany is now using to bombard London and other British cities.

The captive balloons are of particular value in spotting artillery fire and will be employed to some extent at the artillery school, Fort Sill, Okla., in the training of observers for this work.

There is no present intention of entering upon the construction for the army of airships of the Zeppelin type. Small dirigibles will be sought for the new branch of the aviation section as its development progresses; but it will require the establishment of a new policy by the department if the bigger craft are to be developed. In that event, it is thought probable a separate service would be created to handle this portion of the air fleet as the Zeppelins are regarded as having no place in the regular military air service.

### SOCIALIST LEADER SAYS WILSON WILL WIN ON NOVEMBER 7.

San Francisco, Oct. 20.—After completing a transcontinental campaign tour and feeling out public sentiment from coast to coast, Allen L. Benson, Socialist candidate for President, predicts the re-election of President Wilson.

On reaching San Francisco he was interviewed by the Bulletin, which quotes him as follows:

"The tendencies of the voters of this country, as I have observed them in a speaking tour of forty days, all incline toward the re-election of Mr. Wilson. If Mr. Hughes is permitted to talk long enough he will do for Mr. Wilson all that the President can't do for himself. Mr. Hughes is trying to get the solid millionaire vote, and I think he will succeed. Mr. Hughes was always a handy man for the Rockefellerers. He went to church with them and taught a Bible class there. When he became Governor of New York he vetoed the two-cent fare bill, which was so bitterly opposed by the Rockefeller railroads, and tried to prevent the ratification of the income tax amendment."

FRANK EWALD, Soloist.

The Knights of Columbus modestly claim that Mr. Ewald is one of the best vocalists in the city. He possesses a voice sweet and beautiful and is invariably a hit wherever he sings. He will sing, "She is the Sunshine of Virginia," one of the season's latest song hits, in the Knights of Columbus minstrels at the Auditorium October 26.

### Readers' Viewpoint

#### County Farm Agent.

Editor of the Advocate:

In your Monday's issue is a partial account of the Pomona Grange meeting at Vanatta last Saturday, in which it is made to appear that Pomona Grange unanimously approved the proposition to employ a County Farm Agent. The facts are, that after considerable discussion pro and con, the resolution to employ a County Farm Agent was carried by a small majority, of a small vote. There is some doubt in the minds of many Licking county farmers as to the advisability of employing a county agent. Already they are surfeited with advice through farm papers, state and national bulletins, annual reports, newspapers, magazines, extension schools, institutes, etc., etc. In fact it seems to be a fad among all classes to poke advice at the farmer in an effort to reduce the high cost of living.

Ninety per cent of Licking county farmers already know far more than they can put into practice, either through a lack of finances or capable help. A prominent Ohio farm institute worker said to the writer: "Practically all the information we bring in our work is known beforehand by the farmers; all we can hope to do is to create some new enthusiasm."

### FRENCH MARINES WILL CENSOR ALL ATHENS PAPERS

London, Oct. 20.—Extremely turbulent conditions in Athens on Wednesday night are reported in a dispatch from Reuters correspondent at the Greek capital, sent that evening. Greek reservists have taken the law in their own hands despite the presence of strong entente detachments of marines who are given virtually no assistance by the Greek authorities in maintaining order, the dispatch declares.

The dispatch declares: "Tonight," the message reads, "it is evident that the reservists are out of hand for despite the fact that strong cavalry forces are escorting the French and Greek marines and soldiers spread about everywhere, the reservists, assembled in groups, have taken the law into their own hands and the Greek forces for the maintenance of order do not dispose of them."

"The chief of the French police control has informed the editors of the anti-Venezelos press that beginning tomorrow the French will exercise a newspaper censorship and that newspapers printing anti-entente articles run the risk of suspension."

The foregoing, although bringing the news of developments in Athens only up to Wednesday night, is the latest report to be received on the situation.

### RED LIPS AND HEALTH

The first place that anemia, or thin blood, shows is in the lips and gums and the membranes that line the eyelids. You may be naturally pale and still be healthy but when these membranes lose their bright red color your blood is deficient in quantity or color. Thin blood is a danger. It invites disease. The organisms of the blood fight off disease germs. Thin blood means less power to do this. For instance, when you cut yourself it does not heal so quickly if your blood is thin and weak.

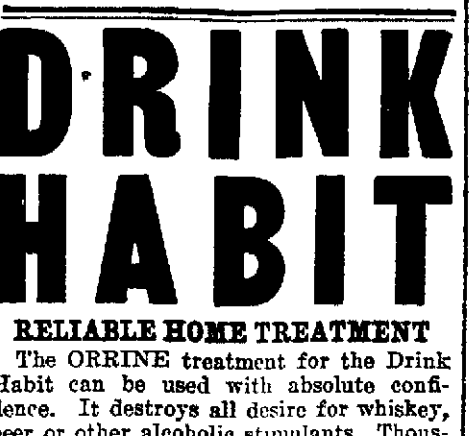

To build up the blood there is one remedy that has been a household word for a generation, Dr. Williams' Pink Pills for Pale People. They tone up the entire system, make the blood rich and red, strengthen the nerves, increase the appetite, put color in the cheeks and lips and drive away that unnatural tired feeling. Plenty of sunlight, good wholesome food and fresh air will do the rest.

Two books, "Building Up the Blood" and "What to Eat and How to Eat" give just the information that every mother of a growing girl needs. They are free. Write for them today to the Dr. Williams Medicine Co., Schenectady, N. Y. Your own druggist sells Dr. Williams' Pink Pills.

### GUARD YOUR CHILDREN AGAINST DISEASE

Infantile paralysis, scarlet fever, diphtheria, and other dreaded diseases of children can be guarded against. Medical and health authorities everywhere advise gargling, and spraying of the nose and throat, whenever a child shows symptoms of having "a cold" or whenever epidemics are prevalent in the neighborhood.

The gargling and spraying should be done with a safe and powerful antiseptic. Physicians find some difficulty in recommending one which is powerful enough and yet can safely be kept where children are likely to get hold of it. Since the discovery of Hyclorite, this difficulty has been overcome.

Five to ten drops of Hyclorite in a glass of water have given unsurpassed results as a spray and gargle in places where epidemics of infantile paralysis and scarlet fever occurred and in winter and spring when diphtheria is prevalent.

SPEAKER AT BANKERS' CONVENTION URGES FARM PRO-PRIETORS TO KEEP BOOKS.

Several Other Addresses of Interest to Bankers Were Delivered—  
W. W. Gard Named Vice President.

Newark yesterday was honored by the host for one day to about 100 of Ohio's leading bankers, who were here to attend the 12th annual convention of group Five of the Ohio Bankers' Association, which convened in a half day session at the Moundbuilder's Country club.

The inclemency of the weather played havoc with the program outlined by the entertainment committee, as an auto ride over Newark and an inspection trip through Newark's Industrial Zone, had been arranged for. However, the visitors upon their arrival in the morning were escorted to the Chamber of Commerce, where they registered and later were entertained.

Shortly after noon, the delegates and visitors numbering about 150 persons, were taken in automobiles to the Country club, where they enjoyed an elaborate menu arranged by the entertainment committee composed of Franklin National Bank, Warren T. Sutor, Cashier; First National Bank, Frederick F. Wright, Assistant Cashier; Park National Bank, W. W. Gard, Cashier; Licking County Bank and Trust Co., C. L. V. Holtz, Sec'y-Treas.; Newark Trust Company, L. Tenney Reese, Asst. Sec'y-Treas.

Invocation was delivered by Rev. Don D. Tullis, pastor of the Second Presbyterian church and the banquet served. Following the passing of cigars, Chairman R. H. Schryver, of Mt. Sterling, introduced Captain A. H. Heisey, director of the Newark Trust company, who in a brief but happy speech welcomed the bankers to Newark.

Chairman Schryver responded to the address of welcome, tendering sincere thanks and appreciation to the Newark bankers for the meeting in their prosperous and up-to-date city.

The report of the nominating committee was unanimously adopted by the convention and the following officers elected: President, R. H. Schryver, of Mt. Sterling; Vice President, W. W. Gard, cashier of the Park National Bank, of this city; Secretary-Treasurer, Edgar L. Abbott, of the new First National Bank, of Columbus, Ohio.

The members of the Executive committee elected were as follows: Champaign County, P. J. Burnham, cashier Central Bank, Mechanicsburg; Clarke County, Charles Harrison, cashier of the Mad River Bank, Springfield; Delaware County, E. L. Pollock, president of the Delaware National bank, Delaware; Fairfield County, P. R. Peters, cashier of the Fairfield National bank, Lancaster; Franklin County, W. E. Rex, assistant cashier of the National Bank of Commerce, Columbus; Licking County, Walter C. Metz, president of the Newark Trust Co.; Madison County, Robert Boyd, cashier of the London Exchange bank, London; Union County, L. F. Blue, president of the Commercial Savings Bank, Marysville.

Clark S. Wheeler, director of the extension service of agricultural, at Ohio State University was the first speaker on the program; the subject of his address being "Federal and State Aid For The Ohio Farmers."

Mr. Wheeler reviewed the agricultural work that has been carried on throughout the state for the past several years and of the progress made through the work of the extension service. He cautioned the bankers of Ohio against supporting poor movements caused by over excitement on the part of the farms, to make false advancements which are most dangerous to agricultural work.

"We want to show the farmer that to promote the best agricultural interests, he must first know his business," Mr. Wheeler said. "Let him keep a book, the same as you men do in your business and he can tell at the end of a year, whether his stock is paying."

"A farmer is the proprietor of a business," he continued, "and Ohio has 300,000 such business enterprises in the state and as many proprietors. The farmer wants to know more about his business, in fact his whole family is asking us for information. It is a big task. We must take the information to the farmer. Instead of creating interest as in the past, we now furnish him with information necessary in his work."

Mr. Wheeler was followed on the program by Edward S. Wittwer, president of the Delphi Banking Co., Delphi, O., whose address "Getting New Depositors," was interesting as well as educational to the banking interest.

"Bubble over with enthusiasm in your bank," Mr. Wittwer said. "Talk bank, morning, noon and night. Speak kindly to your men and by all means treat your clients in a manner that they will want to come back."

Then he launched into a couple of descriptive stories to force home his point in holding and getting new depositors.

"Mr. Grouch doesn't get very far with the depositors," he said. "Treat them kindly. When farmers have sales take their notes, treat them so nicely they will come back."

"Keep sacredly secret the business of your client. Speak kindly to the boys. Some of them may be copying after you and holding you up as his ideal."

Mr. Wittwer told of a visit to the home of John D. Rockefeller, whom

he termed "America's greatest financier."

"Mr. Rockefeller, I found to be a soft voiced gentleman of pleasing personality. On his reading table are a great many books, but the book he reads the most, is the Bible. Every morning that great man, humbles himself before God in prayer and this again in the evening."

"You and your depositors must have confidence in each other and this is only possible in God fearing men."

Past secretary and treasurer, W. W. Gard, submitted his reports for the year, which were received and filed. At this time Mr. Gard took occasion to mention the question of taxation to Ohio banks by the Ohio Tax Commission and presented his resolution of protest. The resolution was adopted.

President F. L. Beggs delivered a brief address in which he welcomed the visitors to Newark and in apologizing for the weather said, "We hope you will come to Newark again and when you do, we will appoint a dry instead of a wet committee." Mr. Beggs gave a general review of Newark's industrial activities and regretted that the visitors were unable to pay a visit to some of the manufacturing plants.

President J. J. Carroll, of Moundbuilders Country Club was called on for a speech. He again welcomed the visitors on behalf of the Country Club.

President Kendall, of the Farmers National Bank, of Pittsburgh, who also was present delivered a short address on banking matters as he had found them in his home city.

Letters of regret were received from Past President L. F. Kiesewetter, of New York, and several other members of the group who were unable to attend the convention.

Before the convention adjourned the Newark bankers were highly praised for their hospitality and for the success of the meeting, by several of the visitors.

## FARMERS' DAY

AT SHADOW LAWN.

New York, Oct. 20.—Tomorrow which will be Farmers' Day at Shadow Lawn, will be distinguished by the attendance of a special committee of the Farmers' National Congress which adopted on Tuesday at Indianapolis resolutions of appreciation of the services of the Wilson administration to farmers of this country. Farmers being prosperous under the Wilson administration, hundreds of them will attend from New Jersey by automobile. No formal invitations have been issued, but every farmer who can attend is invited to the President's reception, and reports from agricultural districts in New Jersey, eastern Pennsylvania and Connecticut indicate that the pilgrims will be numerous.

## NOT A BAD IDEA.

In Long Branch, Cal., an immense white dot is painted in the center of each street intersection as a guide to automobiles and vehicles.

Salt Lake City "painters" have raised wages 50 cents a day.

## In over a million homes they know

At some time every woman has had her coffee problem—"bad coffee, medium coffee, coffee that was never twice the same."

A million women have solved the problem by serving Arbuckles'. Get a package of Arbuckles' Coffee today and see why.

Everyone likes it. Morning after morning a million men praise it for its fine, full flavor. Women depend on it. In all these homes, it helps make breakfast a complete success.

## Read what a few of these women say:

"I recommend Arbuckles' Coffee to my friends. I buy it all the time because it is better coffee."—Miss B., Mercer, Ky.

"I use Arbuckles' because it is stronger than 35c coffee, and Arbuckles' packages are full 16 oz."—Mrs. V., Coldwater, Kans.

"I have been using Arbuckles' Coffee for years. I think it is the only coffee fit to drink."—Mrs. A. C. W., Lay, Colo.

"We have used Arbuckles' Coffee for ten years, and have not yet found its superior or equal."—Miss H., Bessemer, Ala.

"The finest cup of coffee I ever tasted!" Like these million other women you can have your husband say this. Isn't that satisfaction worth a little time and effort—wouldn't it be worth while even to make a special trip to the grocery store for a package of that fresh, full flavored coffee a million other men are enjoying?

Have it tomorrow. He will praise it morning after morning. When you serve Arbuckles' you will know why it has solved the coffee problem in over a million homes.

There are hundreds of varieties of coffee grown. To get the result you want, the coffee itself must be right. Arbuckles' Coffee is. It is put up by Arbuckle Bros., the greatest coffee merchants in the world. They can give you greater value in coffee than anyone else. No wonder Arbuckles' is the most popular coffee in America today!

# Dayton Mothers Find Ideal Croup and Cold Treatment

Nothing to Swallow, You Just Rub it Over Throat and Chest—Relieves by Inhalation as a Vapor, and by Absorption Through the Skin.

Croup is Usually Relieved in Fifteen Minutes—Most Colds go over Night.

A few winters ago, when Vick's Vap-O-Rub Salve was first introduced from the South, the local druggists presented complimentary jars to a few of their customers, requesting that this preparation be given a thorough trial, and the results reported. Below, we give a few reports from Dayton people.

Mothers who have never used Vick's Vap-O-Rub owe it to their children to give it at least one trial. The little chaps object so to swallowing the medicine which you can just rub over throat and chest. Then cover with a warm flannel cloth. Leave the covering loose around the neck, as the body heat releases the ingredients in the form of vapors. These vapors, inhaled with each breath, all night long, carry the medication through the air passages to the lungs. Vick's won't blister, and is absolutely harmless to the smallest child. Here is what Dayton mothers say of it:

MRS. THOMAS JEFFERSON, 1834 Germantown St.:—"My little boy was taken with a severe case of croup a few weeks ago, and after trying everything I knew without finding much relief, my druggist gave me a jar of Vick's Vap-O-Rub, which I used with splendid results. I also find it a fine remedy for headache, and shall always keep it in my home hereafter."

MRS. W. E. CALLOM, 1314 Wayne Avenue:—"Vick's Vap-O-Rub Salve is all that you claim it to be. We used it on our four year old daughter to break up a cold that had been running two months, and that seemed to defy two of our best doctors. I shall use it in all future cases."

MRS. JOS. W. CARR, 1224 S. Wayne Ave.:—"I have tried your Vick's Vap-O-Rub Salve for sore throat and colds, and think it is certainly excellent. It seems to penetrate and give almost instant relief. I find it loosens the cold in the head by inhaling the vapors."

Vick's will be found superior to internal medicines for all forms of cold troubles, from head colds, asthmatic and catarrhal troubles, down to deep chest colds, grippe, bronchitis, or incipient pneumonia. Three sizes, 25c, 50c or \$1.00, at all druggists.

## "WONDERFUL" IS WORD USED BY GRATEFUL WOMAN

Mrs. W. C. Hutchinson so describes the matchless family remedy Nerv-Worth.

Druggist T. J. Evans continues to receive signed statements in behalf of Nerv-Worth from its thankful users in Newark and vicinity. Following is the very latest:

"I have suffered for years with stomach and nerve trouble and I have taken several different kinds of medicine, and found no relief until I began taking Nerv-Worth."

"I have taken three bottles now and feel much relieved, and I think every sufferer of stomach and nerve trouble should try this wonderful medicine."

"Yours respectfully, ("Mrs.) W. C. HUTCHINSON, "No. 9, Madison St., Newark, O."

## HOUSEWIVES IN NEW YORK AWARD MEDALS TO SERVANTS.

(ASSOCIATED PRESS TELEGRAM)

New York, Oct. 20.—Gold pins made in the form of bees, emblematic of industry, have been adopted by the German Housewives society here as awards to faithful domestic servants and 24 young women are today proud possessors of them.

The pins were awarded to all women servants employed by members of the society for two years and 18 others employed for longer terms received gold rings, umbrellas or gold coins. The distribution was made yesterday when the society gave a kaffe klatch in honor of their faithful service.

Miss Rosa Hahn, who has been in the employ of one family for twenty years, headed the roll of honor and presided at the tables. She received a \$10 gold piece. Three girls who had served in the same family for ten years received diplomas. Miss Hahn and two of the girls who won gold rings promptly returned them to the society with the request they be given to "the fatherland."

## VOLUNTEER LIFE SAVERS RESCUE 300 THIS SUMMER.

(ASSOCIATED PRESS TELEGRAM)

Approximately three thousand volunteers operating in fifty-one crews and from as many stations participated in the work. The volunteers receive no return for their services except medals for rescues. Their equipment is furnished by the city.

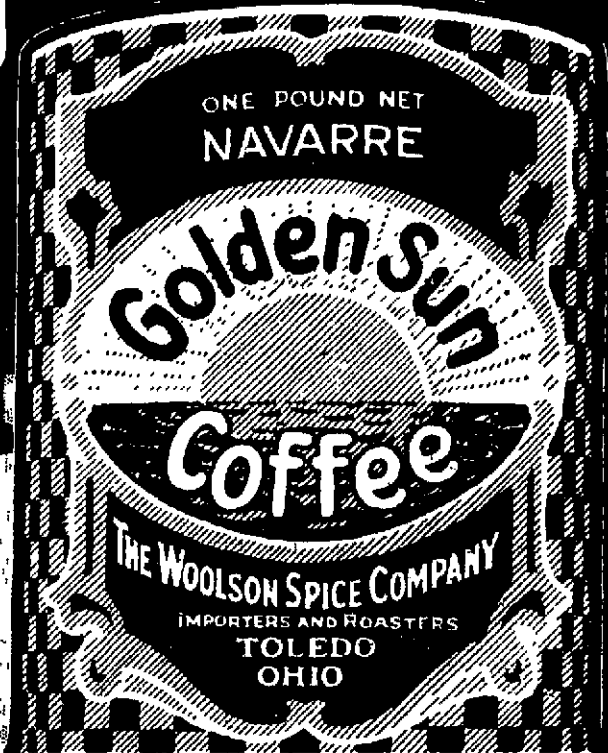

## ELECTION BETTING.

Cincinnati, Oct. 20.—Betting on the result of the Presidential election has taken a sudden spurt. Lee Heine placed three large wagers on Hughes. One was \$1,800 to \$1,500, another \$1,200 to \$1,000 and \$2,400 to \$2,000, Hughes being the favorite in each instance. Last night Heine received a telegram from New York saying that the betting now is even between Hughes and Wilson.

Heine has \$5,000 that he wants to place on Wilson at even money and will take all the Hughes money offered, he says.

You never can tell. Even the man who knows it all may occasionally be taught something.

# Golden Sun Coffee

**A "Premium" is Always a "Thief" of Quality**

No glittering dish or pan which is given with coffee will repay you for the goodness which is lacking in the coffee itself. It makes no difference whether coffee is given with premiums or premiums with coffee—the "premium" is always the "thief" of quality.

No gifts are given with Golden Sun Coffee. But Golden Sun does give you something you never get in a premium brand—unmatched coffee richness, unequalled coffee flavor and a taste that brings a smile of satisfaction every time. Golden Sun is made better by the steel-cut process—all chaff removed. Air-tight cans keep it fresh.

A number of the relatives of Mr. William Schaller surprised him at his home corner of Eighth street and Western avenue, Thursday evening. The hours were informally spent and in the contest Mrs. Kate Piert was awarded the souvenir. An appetizing luncheon was served to about twenty-five guests.

Mrs. F. M. Howard of Clinton street has returned from Wheeling, Va. She has been attending the meeting and banquet of the Ladies Shrine of West Virginia.

A party of young people very pleasantly surprised Mr. Donald Helmke at his home in Johns street, Thursday evening. The occasion was a farewell party for Mr. Helmke, who leaves Saturday night for Detroit, where he has accepted a position with one of the large automobile factories.

Music and games furnished entertainment, a prize contest being won by Miss Goldie Imhoff.

At a late hour Mrs. Helmke served a delicious luncheon to the following:

Messrs. Albert Black, William Albright, Raymond Cramer, Myron Cline, Donald Helmke, Gerald Helmke and Edgar Albright.

Two very pretty parties given yesterday and today by Mrs. Samuel Sachs and Mrs. John Sachs at the home of Mrs. Samuel Sachs in Wyoming street.

After the recital Mrs. John Pfister entertained with a luncheon at the Clarendon Hotel honoring Miss Hall and Miss Munson and this was followed by an automobile ride along the river. An informal musicale was given in the afternoon by Miss Cora Jean Geis with Miss Hall, Miss Geis and Mrs. Tucker on the program. The accompanists were Mrs. Pfister and Mrs. William Tucker.

## Granville

(Special to The Advocate)

Granville, Ohio, October 20.—Work on the township roads which has been going forward most actively has been abandoned on account of the rain of the past two days. Broadway paving also feels the check, despite the rapid progress now being made. The chief inconvenience at present felt from the condition of this thoroughfare is, in the O. E. service, which compels Newark and Granville passengers to walk to and from the corporation line in taking and leaving the trolley. However the company feels confident that this state of affairs cannot last much longer.

The annual "Fiji Sister-Daughter Dinner Party" was held at Phi Gamma Delta lodge on Wednesday evening with unusual success. Besides the hosts, covers were laid for the Misses Dorothy Atwell, Gertrude Boesel, Florence Carney, Genevieve Cathcart, Melva Doub, Helen Ray,

HOW TO BE SLIM

If you are too fat and want to reduce your weight 15 or 20 pounds, don't starve and weaken your system, or think you must always be laughed at on account of your fat, but go to any good druggist and get a box of Oil of Kerein capsules. Take one after each meal and one before retiring at night. Weigh yourself once a week and note what a pleasant and reliable method this is for removing superfluous fat from any part of the body. It costs little, is absolutely harmless and a week's trial should convince anyone that it is unnecessary to be burdened with even a single pound of unsightly fat.

Edith Starret, Katherine Wood, Juliet Borker, Margaret Seasholes, Margaret Wood, Pauline Cochran, Ruth Spencer, Katherine Irwin, Frances Ray, Frances Haskins, Laura Price, Mary Hazlett and the faculty chaperone, Miss Peckham.

On Thursday evening October 19 the dining room of Curtis Hall beautifully decorated in pink and blue streamers and bows, was the scene of a handsomely appointed six course dinner which was given by Mrs. Nellie Dorsey, Alpha Eta "official auntie," to her Beta Theta Pi boys. Other guests were W. L. Livingston, Stanley K. Cheeseman, Shamas A. McMahon, A. K. Kerr.

Rev. D. J. Smith who has been quite ill at his home in Broadway, for some time past, is reported as being convalescent. His daughter Mrs. Watson has been at his bedside.

Dr. and Mrs. George Felton of Berea, Ky., are Granville visitors for a few days, guests of Dr. and Mrs. L. E. Davis. Mrs. Felton who formerly was Miss Lida Marsh, daughter of the late Prof. F. O. Marsh of Denison, is renewing old acquaintances in the village, and revisiting historic spots around Granville.

Miss Margaret Colwell, who went to Wells College, last week, under the assurance of both president and secretary of that institution, that she was entering as full sophomore, discovered, to her surprise, that stiff condition in Latin would have to be made up at once if she continued her course. As she found it impracticable, her father, Dr. R. Colwell, himself an eminent classicalist, decided that he preferred a daughter to a dead language.
